

# COMMUNITY CAT PROGRAM

Bradshaw Animal Shelter and Community Spay/Neuter Clinic have partnered together to create a more efficient, effective, and humane **no-cost community cat program** for community cats residing in Sacramento County effective **February 1, 2023**.

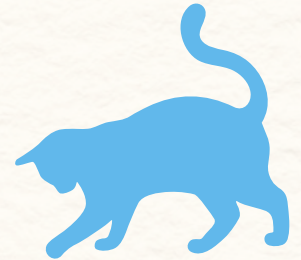

## **Do not trap without an appointment!**

**New appointments** will be offered on a first-come, first served basis. Appointments will be scheduled for Tuesdays, Wednesdays, and Thursdays. *There is a limit of two cats per person per week.*

## **How to make an appointment:**

Make an appointment directly through Community Spay/Neuter Clinic (CSN) by calling **(916) 368-7314 between 9am-3pm, Monday-Thursday**. Do not leave a voicemail, as CSN is unable to return calls. *Appointments must be made through CSN and cannot be made through the shelter.*

## **Pick-up and drop-off:**

**All cats must be picked up the same day.** On the day of the appointment, **drop-off is at 7:30am** and **pick-up is at 4pm** at CSN. CSN is located at 3839 Bradshaw Rd, Sacramento, to the left of the shelter's animal admission doors. *Cats must be dropped off at CSN and cannot be dropped off for appointments at the animal shelter.*

## **Please note!**

We are unable to accommodate walk-ins. Trappers must be available all day by phone the day of the appointment. **In the event CSN cannot reach you, medical decisions will be determined by the CSN veterinary medicine team.**

## **The following no-cost community cat services are sponsored by Bradshaw Animal Shelter:**

- Spay/neuter surgery
- Ear tipping
- Rabies vaccine
- FVRCP vaccine
- Flea treatment
- Minor treatment of conditions such as earmites, tapeworms, and wound care.
